Preliminary List:

SELECTED STUDIES OF OCD/OCR/CRS, 1947-1966

Item no.	Year	Description
1.	1948	"Eberstadt Committee", Confidential report of Task Force on National Security Organization (Commission on Organization of the Executive Branch /Hoover Commission/) pp.48-49.
2.	1949	Dulles Survey Group Report, TS#28083, pp.48-49.
3.	1950	Memorandum by 25X1A9a, Management Officer, to Acting Executive, "Proposed Plan for Realignment of Certain Agency Functions," Secret.
4.	1950	Proposed Organization Chart for ORR dated 31 October 1950, Secret, in ORR folder with CIA Historical Staff, "Reorganization of ORR, January 1951." (Chart included absorbing OCD. Not adopted.)
5.	1953	Office of Training, Management Training Division, developed a Human Resources Program "as a basic supervisory training program to assist members of the Agency with management responsibilities to make the best and fullest use of the individuals under their supervision." 140 OCD personnel were interviewed.
6.	1955	Recommendations on "Intelligence Libraries" pp.65-66 of public version of Clark Committee report, "Intelligence Activities" published by the Hoover Commission (on Organization of the Executive Branch of the Government).
7.	1955	Working Group on Information Handling. Established December 1954 by memorandum from Assistant to DDI (Planning), to ADs of RR, SI, CD, OO and CI. 25X1A9a, ORR, Chairman.
8.	1956	Inspector General's Survey of OCR.
9.	1957	Three library consultants were hired under contract by the DDI to survey OCR information activities. Their report was presented to the DDI, and later to OCR for comment.
10.	1958	25X1A9a then a senior analyst in ONE, prepared a report, "A User's View on OCR'S document handling capability." He called it a "limited systems analysis of document handling in OCR."
11.	1958	The new AD/CR, Paul A. Borel, appointed 16 Task Forces to study the Library Consultants' Report (cf. item #9 above). The Library Consultants in turn were recalled in May 1958 to discuss the Task Team Reports with appropriate CIA officials.

12. 1959 Report on OCR by 25X1A5a1 [REDACTED] 25X1A5a1. Short summary of [REDACTED] thinking based on brief visit to OCR. Recommends study of entire CIA processing system.
13. 1960 DDI Review Panel, chaired by 25X1A9a [REDACTED] reported on the role of the Industrial Register in support of intelligence research in the DDI area.
14. 1960 Presidential Joint Study Group made some 43 recommendations, not all involving OCR but including such items as Central Requirements Registry, improving USIB committee structure re collection requirements, etc.
15. 1961 IBM study regarding DDI computer needs. Recommends getting computers, major systems design effort.
16. 1961 25X1A5a1 [REDACTED] study finds DDI area behind in the state of the information art handling. Recommends large scale effort be launched.
17. 1963 Inspector General's Survey of OCR.
18. 1966 Assistant DDI requested 25X1A9a [REDACTED], OCI, to study OCR's storage and retrieval activities. Resultant report, "Choosing the OCR File System."
19. 1966 President's Foreign Intelligence Advisory Board and his Special Assitant for Science and Technology established a Guidance and Evaluation Panel, with William T. Knox as Chairman. The purpose was to study information processing in the intelligence community; OCR, of course, was but a part of the whole. Few, if any, OCR officials have seen the final report.
20. 1966 Portion of IG survey of Printing Services Division reviewed arrangements between Chief, PSD and Chief, GR/OCR with special emphasis on the "Crash Laboratory."
